

EXECUTIVE SUMMARY

For FY17, the Council received 321 applications. The County Executive recommended funding for 54 additional applications that were not previously submitted to the Council, bringing the total number of applications for Council consideration to 375. These 375 applications requested a total of \$19.5 million.

The table that follows provides information on the number of applications received, the number of organizations submitting applications, the total dollar amount requested and the number of grants reviewed by the Grants Advisory Group since FY14.

	Number of Applications Received	Number of Organizations	Total Funds Requested	Number of Grants Evaluated by the Grants Advisory Group
FY17	375 ¹	232	\$19.5 Million	344 ²
FY16	376 ¹	217	\$19.8 Million	301
FY15	303 ¹	183	\$16.2 Million	277
FY14	246 ¹	162	\$12.5 Million	221

Between FY14 and FY17:

- The total number of *proposals* submitted increased by 52%
- The number of *organizations* submitting applications increased by 43%
- The total *funds* requested increased by 56%
- The number of proposals evaluated by the Grants Advisory Group increased by 56%

As compared to last year (FY16):

- The total number of *applications* submitted leveled off (376 compared to 375); as did the total dollars requested, which decreased slightly (\$19.8 million to \$19.5 million)
- The number of *organizations* submitting applications continued to grow, although at a slower pace than in prior years (7% increase in organizations from FY16 to FY17)

¹ Includes applications discussed by the HHS Committee, including those previously reviewed by Council Staff and/or the Montgomery Cares Advisory Board

² Includes 28 grants reviewed by WorkSource Montgomery or the Interagency Coalition on Homelessness and submitted to the Grants Advisory Group.

The grants advisory group reviewed 344 applications, requesting total funding of \$16.6 million. As in the past, applications submitted by Montgomery Cares members and Capital Budget/Cost Sharing grants were reviewed by the Montgomery Cares Advisory Board and staff respectively and subsequently discussed at the County Council's Health and Human Services (HHS) Committee.

Pages 7-28 of this document present a matrix identifying all 375 applications received. The matrix identifies those applications the County Executive recommended for funding as part of his recommended FY17 budget. Additionally, an evaluation for each is included beginning on page ©1.

BACKGROUND

On November 3, 2015 the Montgomery County Council adopted Resolution #18-306 which established an application and review process for funding requests from non-profit organizations for FY17. This resolution is attached as *Appendix 1* (©A1-A3).

For FY17 the County Council indicated that it “is particularly interested in proposals that provide emergency and other safety-net services to the neediest members of our community.” The FY17 Council Grant Application and supporting materials noted this County Council priority.

For the second year, the County Council and the County Executive used an online system for grant submission and review. The application process opened on December 1, 2015. In December, county staff held three workshops for potential applicants informing them of the process, providing general recommendations to strengthen applications, and answering questions about the grants programs. The county accepted applications for both programs until January 13. A sample completed application is attached in *Appendix 2* (©4-A10)

As in past years, the County Council appointed a volunteer Grants Advisory Group to review applications and provide evaluative comments on the proposals. This year, the Grants Advisory Group was augmented by small teams from WorkSource Montgomery and the Interagency Commission on Homelessness who reviewed and evaluated 28 applications in their areas of specialty. This is the final report of the FY17 Grants Advisory Group to the Council, and completes the Group's work.

Collectively, the Grants Advisory Group spent well over 600 hours in more than 60 different meetings discussing the process, reviewing applications and meeting with applicants. Three of the meetings were of the full Grants Advisory Group and the remainder were in smaller teams. Further, each of the members of the Grants Advisory Group spent approximately 25 hours independently reading applications and drafting evaluations for a total of more than 900 additional hours. In sum, the community panel dedicated over 1,500 hours to reviewing the applications received.

For most grants submitted to the Council small teams with three members, each reviewed approximately 24 applications grouped by program category. Between February 24 and April 7, each grant applicant was invited to attend a brief Question and Answer session with the Grants Advisory Group team reviewing their application. Almost all applicants accepted this invitation. In addition:

- 11 applications were reviewed by a team from WorkSource Montgomery chaired by Dr. Ellie Giles, a returning Grants Advisory Group member and CEO of WorkSource Montgomery
- 17 applications were reviewed by 3 members of the Interagency Commission on Homelessness. Linda McMillan, Council Staff and Nili Soni of the Department of Health and Human Services provided staff support for the effort
- 11 applications from Emergency Assistance organizations that belong to the Emergency Assistance Coalition were reviewed by members of the Grants Advisory Group, but not invited in for an interview. Instead these applicants completed a specialized questionnaire detailing experience from CY15. (See Appendix 3 ©A11-A12)
- 51 applications for grants recommended by the County Executive, but not previously submitted to the Council were reviewed by members of the Grants Advisory Group. Because of the constrained time frame for review of these Executive-recommended grants, the Grants Advisory Group does not conduct Q&A sessions with these applicants.

As noted in the spreadsheets beginning on page 8, applications have been identified according to the following categories: large capital, \$50,000 or greater; small capital, less than \$50,000; and operating support for *established* organizations incorporated prior to or in 2008, or *newer* organizations, established after year 2008.

Applications have also been identified according to program area as directed by the County Council:

- Basic needs/Emergency Services/ Housing-related Services/ Legal Services;
- Community Development;
- Economic Development and Workforce Development;
- Health and Behavioral Health;
- Services to Children and Families;
- Services to Older Adults and People with Disabilities;
- Youth Development;
- Other

The “Other” category refers to applications that did not fall into one of the identified program areas. This year, it included, among others, proposals submitted for animal welfare, building security and humanities programs.

SUMMARY INFORMATION

The table below identifies the number of applications and the total amount of requested funding in each program area. This table is inclusive of all grants requests received.

Program Areas Summary

* Includes grants that do not readily fit into other categories, including requests for funds to support animal welfare, building security, and the humanities.

As indicated above, this Report of the Grants Advisory Group includes information for both County Council grant requests (321) and for County Executive-recommended grants (an additional 54). Each is summarized below.

1. **Council grant applications.** For FY17, the Council accepted 321 applications (two applications were subsequently withdrawn as funding was included in the recommended department budgets.). This compared to 312 in FY16, 234 in FY15 and 188 in FY14 and is a **66% increase in Council Grant requests over the three-year period.** The requests ranged in value from \$1,500 to \$400,000, with a median of \$45,000.

Applications reviewed by the Grants Advisory Group. Of the 321 County Council Grant Applications submitted in January, the Grants Advisory Group reviewed and evaluated 293.³

³ Full funding for three proposals was recommended by CDBG who engaged applicants in a competitive process; 23 County Council proposals were reviewed by the HHS Committee; and, 2 proposals were withdrawn. (321-3-23-2=293).

As noted above two external review teams augmented the Grants Advisory Group this year; WorkSource Montgomery reviewed 11 Workforce Development proposals, and the Interagency Commission on Homelessness reviewed 17 safety-net housing applications. These two groups submitted grant evaluations and their initial recommendations to Grants Advisory Group staff.⁴

Applications reviewed by Committee: As in past years the HHS Committee reviewed Montgomery Cares and Cost-Sharing/CIP requests⁵.

Summary Spreadsheet: A summary spreadsheet identifying each of these 321 requests submitted to the County Council begins on page 8. If a request was reviewed by the Interagency Commission for Homelessness, WorkSource Montgomery, or Council Committee, the reviewing group is identified in the column “Alternate Review Team”. CDBG-recommended funding is noted in the comments column.

Many applications were submitted to both the County Council and the County Executive and those recommended for full funding by the Executive are noted in **bold**; those recommended for partial funding are identified in *italics* with the amount recommended by the Executive in the “CE Rec. Amount” column. Applications recommended for full or partial funding through the Community Development Block Grant (CDBG) or Community Service Grant (CSG) process are noted in the “Comments” column of the spreadsheet.

2. **Executive-recommended Community Grants.** The County Executive recommended a total of 202 discretionary Community Grants (compared to 168 in FY16 and 151 in FY15) in the Community Grants Non-Departmental Account, plus 14 more that are contained in the capital budget. (These figures do not include grants made by the Arts and Humanities Council.) Additionally, the County Executive recommended full or partial funding for four County Council applications through the CDBG program. For a complete listing of all Executive-recommended discretionary Community Grants, and Community Development Block Grants, see *Appendix 4* ©A13-21.

Applications reviewed by Grants Advisory Group. Fifty-four of the County Executive-recommended grants had not been previously submitted to the County Council. The Grants Advisory Group reviewed 51 of these. The final three requests for large capital funds were reviewed by the HHS Committee as part of its review of CIP/Cost-sharing projects. The **summary spreadsheet** for these 54 begins on page 25.

⁴ These 28 applications are included in the total of 293 evaluations reviewed by the Grants Advisory Group.

⁵ The Montgomery Cares Advisory Board reviewed the 12 applications for Montgomery Cares member organizations prior to discussion at the HHS Committee meeting. Council staff similarly reviewed the all Cost-Sharing/CIP requests, submitted to either the County Executive alone (3), or to both the County Council and the County Executive (11).

EVALUATIVE COMMENTS

As described above, each of the 375 grant applications received by the County Council has been carefully reviewed and evaluated.

The Grants Advisory Group compiled one-page summaries of evaluative comments for each application. The summaries are attached on ©1-©375. As directed by the County Council, the report of the Grants Advisory Group does not rank, score, or tier the applications.

Several of the County Executive-recommended Community Grants are for additional or different funding elements of the same program reviewed in a County Council grant application, or for general operating support for an organization that submitted a County Council grant application. In those cases, the evaluation form references the more detailed comments for the County Council grant application.

Finally, for those applications reviewed by Council Committee, the evaluation form refers readers to the appropriate committee packet.

All applications were evaluated using criteria established by the Council. The criteria are detailed in *Appendix 5*, ©A23.
